TRAFFIC PLAN DRAWN BY ISMAEL RODRIGUEZ

2009 Work Area Traffic Control Handbook

**SPECIAL FILMING CONDITIONS
DORRIS PLACE SCHOOL**

The Special Filming Conditions described below will be included in the terms and conditions of permits issued for filming in this area and are in addition to the standard terms and conditions applicable to filming permits generally. While these Special Filming Conditions will be included as terms if a permit for filming in this area is issued, they are not intended to, and do not, establish the criteria or standards for determining whether or not a particular permit (or permits) will be issued for this area. The decision whether or not a particular permit (or permits) will be issued is vested in the discretion of the appropriate City or County department or their designees (including FilmL.A., Inc.), to be exercised consistent with public health, safety and general welfare, and applicable land-use ordinances.

Near this location are several City of Los Angeles facilities including the City testing laboratory, Engineering's Geology Lab and Building & Safety's Electrical Testing Laboratory. The employee lots are inadequate to handle employee cars and many depend on the streets close by for parking. In order to minimize the disruption and exposure of employee's cars to vandalism, the following limitations are in effect for permits at this location.

- **Affected residents and/or businesses must be notified two (2) days in advance of first film date.** *Permit requests must be submitted to FilmL.A. three (3) days in advance.*
- **No posting or parking is to be permitted on Dorris Place or Altman Street between Blake Avenue and Crystal Street.**
- **No posting or parking is to be permitted on the east side of Blake Avenue between Dorris Place and Altman Street (the side opposite the school).**

Note: Riverside Drive is also adjacent to the school and could serve as a reasonable alternative to any requests for the above areas. There is nothing prohibiting or restricting parking on Riverside Drive.
